

# Plytech Futura HPL

*Plytech Futura HPL is European Birch plywood finished on both faces with a premium quality decorative laminate produced by Egger in Germany. The durability and attractive colour palette of Futura HPL make it the ideal choice for your architectural design. The fine Birch veneer lay-up provides the Futura HPL with an attractive edge detail which can be clear finished emphasising the superior multi-ply edge detail.*

White, Black	
35mm/25ply	2440 x 1220mm
White	
18mm/13ply	3050 x 1220mm

## Handling and Storage:

Plywood is a natural product that can be affected by changes in ambient weather conditions, causing previously flat sheets to bow or twist. All precautions are taken to minimise this effect, however once the plywood has left our warehouse we cannot guarantee sheets to remain flat. This is particularly important where free standing kitchen/ cabinet doors are concerned.
