LANDSCAPE V2 SEATING

Our original Landscape range has had a makeover. Think, more 'loungey', more modules, loads more options.

We're calling it the Swiss Army knife of seating.

Referencing the pedigree of our original Landscape range (first released in 2004), V2 expresses a fresh new aesthetic that is softer and more rounded.

New designs have been added to the family increasing the total number of modules to 39 - literally over 2 million Co-Lab, Lounge and Public seating configuration can be created.
