MIAMI SEATING

Miami is a state of mind. Uncompromising, bold, impeccably tailored. Sculptural and plush.

Designer Fletcher Vaughan's signature aesthetic is at play throughout the collection, from the strong sculptural forms through to immaculate detailing. Subtle layering of foam creates a slight 'puff' on the seat and back, softening the form for luxury and comfort.

A carefully considered ergonomic approach benefits the user at work or rest, while the sustainably-certified internal elements are selected for durability and performance in high-traffic environments.
